.....

.....

(iii) Painful shoulders **(1 score)**

.....

.....

(b) Share your advice on how any two of the above challenges can be avoided by the students. **(2 scores)**

.....

.....

SECTION B

Answer any two questions from this section.

11. Imagine you were dropped in the middle of a forest. You are not able to identify where you are. In your pocket, you have a functioning smartphone that has no sim card in it. You realize that it can access an active hot spot for an abandoned camping site nearby. Write down a detailed step by step account of the steps you would take to get yourself out of the forest back to safety?

(15 scores)

12. The school brought new computers with specific computer no assembled, as an ict student you are give a chance to assemble one of the computer at school with the following components; System unit, flat screen, keyboard, mouse ,power extension cable ,UPS ,printer and 3 power cables. Explain the steps you will go through when assembling the computer components?

(15 scores)

13. Imagine you are at a camp site in a remote village and realize the many features near the camp site are what was required for your Geography coursework. You need to take a number of photos of these features because they will be helpful in your coursework. You only have access to two devices with you. A new digital camera that does not have a memory card in it but has internal storage that can accommodate about 5 images and a laptop whose webcam is faulty. Both laptop and camera support Bluetooth technology. You need to take not less than 30 photos for the coursework to be fully covered.

Explain in detail how you can get all the necessary photos without leaving the camp site?

(15 scores)

WISHING YOU happy X-Mass & HOLIDAYS!

HOWEVER DIFFICULT LIFE

MAY SEEM, THERE IS

ALWAYS SOMETHING YOU

CAN DO AND SUCCEED AT.

HAPPY NEW YEAR 2023#
